

## **NIGHT BEFORE...**

- \* Make a casserole or other meal that is easily prepared on arrival

## **BEFORE DEPARTING...**

- \* Check that all safety chains have been secured
- \* Check that the caravan doors are locked and closed
- \* Check that the steps of the caravan have been raised
- \* Double check that lights are working, both on the vehicle and caravan
- \* Ensure that all tyres have been correctly inflated to the appropriate pressure
- \* Ensure that all wheel chocks have been removed
- \* Ensure that your towing aid has been fitted correctly and safely
- \* Ensure the jockey wheel has been removed or firmly secured
- \* Make sure that all gas has been turned off
- \* Make sure that all jacks have been raised and all safety stands removed
- \* Make sure that the 240V electrical lead has been disconnected

## **ON ARRIVAL...**

### **Have a set up routine**

- \* Unhitch the caravan
- \* Put on the caravan handbrake
- \* Move the car out of the way
- \* Level the caravan – lower all four corner jacks till they touch the ground
- \* Set up the gas and water systems
- \* Connect the power
- \* Make a cuppa – or pour a glass of wine
